

Gunzi SlowGo & Gunzi GoGo

Gunzi SlowGo and Gunzi GoGo are the two latest games of Gunzi-Unlimited.

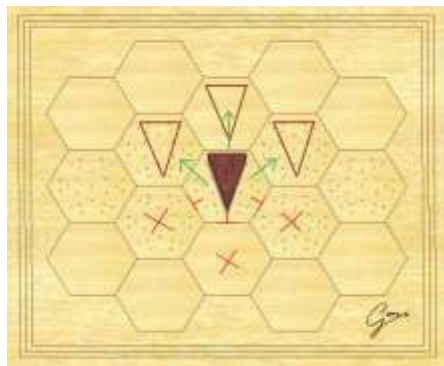

The game is played on a Gunzi-board with Gunzi wedges by two players, who have to make a move in turn.

They start with five wedges for each player as shown in the starting position picture. **Black begins**

Aim of the game is to make sure that the opponent is the first to be unable to make a move.

Starting position

The three possible SlowGo's

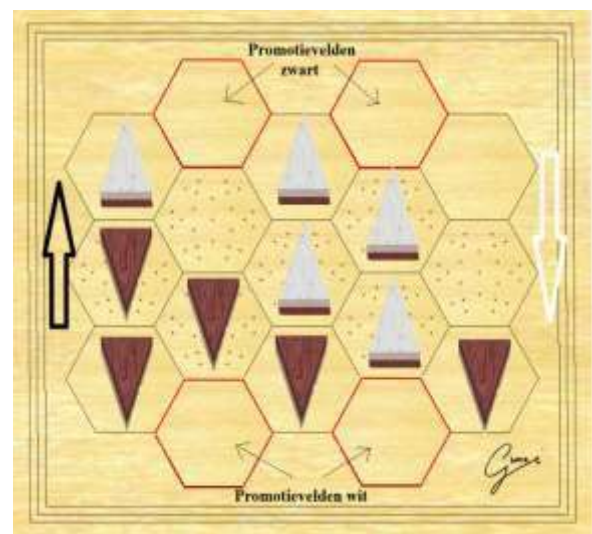

Gunzi SlowGo has only one type of move; You shift your wedge to an empty, adjacent field straight or sloping forward. This movement we call a SlowGo

A player whose turn it is, and cannot make a SlowGo, loses the game.

The other one Is the winner.

You can, with the same starting position also play the variant game Gunzi GoGo

Gunzi GoGo is played the same way as **Gunzi SlowGo**, but in this game you can also win, when you are the first who established two GoGo's
