A GoGo you earn, when one of your wedges manage to reach one of the two most distant promotionfields on the other side of the board.

Your wedge is placed there, with its point up and is called a GoGo.

So in this game you can win in two ways:

Black wins because of his two established GoGo's

- 1. Or you make that your opponent can't do a FlowGo
- 2. Or you make that you are the first who established two GoGo's
